Dr. Jenkins Said That He Couldn't Tell

Whether the Deaths Were From Cholera. This is Dr. Jenkins' version of the condition of the Moravia on which twenty-two persons died during the voyage, as narrated in yesterday's STAR: "I visited the sessel and made a general in-

hours. The last case occurred on the 29th. Ten cases had occurred within twenty-four hours after sailing. Of the twenty four people stricken twenty-two died. No temperature was taken, but the surgeon judged the temperature of the patients was very low from the touch. The patients, the ship's surgeon said, were debilitated after their long railroad rides before emberkation at Henburg. Dr. were debilitated after their long railroad rides before embarkation at Hamburg. Dr. Brown then took some bedding from one of the rooms in which two patients were. This was somewhat soiled and offered very good subject for examination. He will probably know whether it contains cholera by tomorrow. I ordered the captain to thoroughly disinfect everything and everybody on board. As I started to leave the vessel I saw a tug boat whose passengers tried to board the Moravia. I put Dr. Sanborn on the Moravia with instructions to shoot any one who attempted to board. tions to shoot any one who attempted to board. I don't wish to say who the people on the tug

"The Moravia will be sent to lower quarantine tomorrow, when her passengers will be taken to Hoffman Island for disinfection. They are certain to be held for five days at least. We and left New York last evening for Washington are uncertain whether the disease is Asiatic

cholers or not."
Dr. Jenkins stated that the discharge of the

tempt to deny the fact on the part of the ship's tempt to deny the fact on the part of the snip's officers that the deaths had occurred.

It will be remembered that the ship's doctor on the Moravia declared that the cases of sickness were cholerine. Cholerine is thus de-

cribed: In almost all epidemics of cholera there have been certain premonitory symptoms. disease, to which the name of cholerine has been given. These consist of a general feeling of uneasiness, weakness, nausea and diarrhea, and sometimes vomiting; the dejections at first, though frequent, are natural. Cholerine is usually caused by eating overripe fruit, and while it may develop into Asiatic cholera it does

CARELESSNESS THAT WAS CRIMINAL. o'clock, and, strange to say, notwithstanding her terrible record of deaths for the voyage. her captain passed through Sandy Hook, up her captain passed through the fleet of steam-the lower bay and through the fleet of steam-ships which were anchored off the boarding station, detained by Dr. Jenkins' orders. She did not stop there, but moved up several hun-dred feet north of the fleet, within eight miles of the Battery, and there dropped her anchor. of the quarantine officers board her. joving good health. He left the quarantine wharf and the tug's whistle seemed to put on an extra spurt of steam in the effort to get alongside the plague-stricken craft.

Apparently, acting upon orders from Dr. Tallmadge which had been given on his first trip, there were signs of activity aboard, and the immigrants, as if expecting to be landed, could be seen hurrying up and down the deck, looking in the direction of the Staten Island

that passengers on the steamers arriving here eat the food and drink the water that is taken aboard at the foreign ports, both of which are likely to be infected with the germs of the dis-

President Wilson of the New York health board remarked that he was not surprised that cholera had arrived, and that the city officials were prepared to fight it. As to the danger of infection of the Croton water, he said that the nuisance along the watershed had been abated as much as possible, and the only thing that could be done now was the removing of the houses along the banks of the river, but as there were 25,000 of them he did not think the scheme practicable.

The beard has issued a circular to all railways, ferries, steamboat offices, factories, &c.,

ays, ferries, steamboat offices, factories, &c., paid a visit in the afternoon. where a large number of people are likely to meet, ordering that adjoining the waiting rooms or in the factories there should be set aside an air-tight room. These will be temporary places of isolation, should cases of cholera suddenly

cate the pressure in the chamber. In the en-gine rooms the degree of heat in the disinfect-ing room is indicated by the ringing of elec-trical bells. So thorough is the disinfection that it is impossible for the attendants to enter the chamber for several hours after the win-

dows have been reopened. "I visited the ressel and made a general inspection of the people. I found them all apparently well except two convalescent patients. Dr. is not informed me that there had been no one on board ill within five days. Most of the cases became ill, he said, a short time after they cases are a short time after the said to CO-OPERATION WITH FEDERAL OFFICERS.

jurisdiction over that port, but as he is, by virtue of his office, an ex-officio member of the state board of health, he is in perfect accord

## THE PRESIDENT RETURNS.

He Will See That No Official Precaution Against Cholera's Invasion is Neglected. President Harrison abandoned his proposed

post haste to consult with his cabinet concerning measures advisable to repel the threatened or. Jenkins stated that the discharge of the patients was the ice-water discharge characteristic of Asiatic cholera and that he knew of no vited by Mr. Reid to meet the President at other disease which had this characteristic.
This statement was pretty conclusive evidence that Dr. Jenkins believes the disease to be genuine cholera, but did not wish to say so in as many words.

None of the doctors at quarantine could tell at this decision shortly after 6 o'clock and withto return at once to Washington. He arrived whether the disease was confined to any particular part of the steerage. There was no at-Secretary Foster of the Treasury Department and Attorney Gen. Miller informing him of the cholera invasion, and asking that means should ornamented by his indefatigable zeal and be taken to prevent the spread of the scourge. the Moravia through a telephone message re-ceived by Mr. Reid at Ophir Farm. Quickly following this came the dispatches from the

two cabinet officers.

The President and Mr. Reid held a consultation immediately and it was decided that the President could best consult with his subordinates in the matter by going to Washington. Accordingly he left Ophir Farm at 9:30 o'clock reaching the Grand Central station in New York at 10:55 o'clock. He was driven immediately to The Moravia arrived Tuesday night at 10 the 6th avenue elevated station and took a train day, October 16, the mass of the blessed trinity be solemnly celebrated in the cathedral, with a regular Pennsylvania train, bearing the President, Private Secretary Halford and Executive Clerk Tibbett, left Jersey City for Washington.

A POLITICAL DINNER PARTY. After deciding to return to Washington the drew up alongside. It was then after 10 o'clock, and it was known that the Moravia was from an Plains to the number of 300, with two brass Plains to the number of 300, with two brass property of the Reid mansion, where deeded to the front of the Reid mansion are deeded to the front of the Reid mansion are deeded to the front of the Reid mansion are deeded to the front of the Reid mansion are deeded to the front of the Reid mansion are deeded to the front of the Reid mansion are deeded to the front of the Reid mansion are deeded to the front of the Reid mansion are deeded to the front of the Reid mansion are deeded to the front of the Reid mansion are deeded to the front of the Reid mansion are deeded to the front of the Reid mansion are deeded to the front of the Reid mansion are deeded to the front of the Reid mansion are deeded to the front of the Reid mansion are deeded to the front of the Reid mansion Shortly after 11 o'clock the little tug boat bands and the local G. A. R. post, had assemwhich does service for Dr. Jenkins' staff left the Moravia's side and steamed for the big Teutonic. In the meantime a yellow Whitehall Reid appeared on the broad portico a great shout went up from the gathering, and the cheers were taken up again and again, and the

When quiet had been restored Mr. Reid when quiet had been restored Mr. Reid been a stack, about the stepped forward and, in a clear voice, thanked his friends and neighbors for the honor they had paid his guest. He told them there were ashore, and there was a conference with the health officer.

At that time, after leaving Dr. Jenkins, Dr. Tallmadge, who looked very much perturbed, asserted that there was nothing wrong with the Moravia, and that every one on board was enjoying good health. He left the quarantine the proper regard and respect for any man in the second week in July, and the second week in July, and the second week in July, about the second week in July, about the second week in July, and it was estimated that it would not take much over a month for matter to come the condition as to the sterling patriotism which he believed underlay all political parties in the loop the cheering began. She looked well and her superior condition was government, which will carry the mail matter to Copenhagen, whence it will pleas into the proper regard and respect for any man in

bikely to be infected with the germs of the disease. Under such circumstances a quarantine of two or three days would not be a sufficient safeguard against cholera. The matter is now being discussed by the board of health and some action will probably be determined upon.

Another health board circular.

President Wilson of the New York health board remarked that he was not surprised that

Hovey began to place and kept it up until he, too, had scored twice and the game was 2-all.

Campbell in the fourth made several weak returns. Campbell took two more games and then Hovey two.

then Hovey two.

With the score 4-all Hovey won the odd game,
making three straight, but Campbell took three
games in succession, making it 5-all, and then
winning the set 7-5, Hovey driving the last ball

and how beautifully this flower of Christian faith has grown, untrammeled, ander the benign influence of our republican institutions. At the birth of this continent on the world's vision our fathers came bearing the cross of Christ and the torch of enlightenment, waving the banner of liberty and sowing the seeds of commerce and religion.

In the civilization of the country and in the perpetuation of the benefits they have taken a prominent and decisive part, and have joined hand and heart with their fellow citizens irrespective of creed. They have aided in exploring and in colonizing it and in developing its response. They have spent their life's energies toward its prosperity, and many their life's most difficult and taking strokes, while Campbell 4.3 Moreover, the glory of the discovery is our glory. He was born and reared in the Catholic faith, which he illuminated by his private and soon had the score 5-2.

Hovey won the last five games in the set, establishing the record of the match by virtue of exceptionally good work.

It was now one set all and the next was important. The score went to 2-all before the breaks ame, Hovey having his opponent 2-1 at one time. Campbell then began to run away and soon had the score 5-2.

The eighth was long drawn out and hotly contested. Deuce was called several times, Campbell having the vantage point. Hovey was still playing his game and finally won the two needed points, making it 5-3. The effort was too great and Campbell took the set with the next game, 6-3. Hovey was making the most difficult and taking strokes, while Campbell says the life of the propersion of the match by virtue of exceptionally good work.

It was now one set all and the next was important. The score went to 2-all before the Earlish bausiased the campbell then began to run away and soon had the score 5-2.

The leighth was long drawn out and hotly contested. Deuce was called several times, Campbell having the vantage point. Hovey was still playing his game and finally won the sea chart was too great

The fourth, and what proved to be the deciding set, was among the most extraordinary sver played on any court. Steadily the gain went to Campbell until the score was 5-love, and it looked like a love set. Hovey won the sixth. In the seventh Campbell had the call at 40-30, and the seventh Campbell had the call at 40-30, and the seventh Campbell had the call at 40-30. ciding set, was among the most extraordinary ever played on any court. Steadily the gain went to Campbell until the score was 5-love, and As Christian Europe gave praise to God when this continent was revealed to her, so now it is meet that Christian America, whose children are the chief beneficiaries of the discovery, should commemorate the 400th anniversary of the event by hymns of thanksgiving and public festivities. And as ours is the most favored nation of the American continent, it should be not privilege as well as our duty to set a generative of enthusiasm to our sister com-Campbell took the odd game easily and forced

the score to 40-30 in the next. Again, for the third time, there was but one point between him and success. Again he lost the chance. bell the champion for the third consecutive year, and gave him permanent possession of the massive emblem of his superior skill. The 1892 tournament ends with Campbell re-
